DAILY AVERAGE, 2201.  
Personally appeared before me this  
day E. J. Paxton, general manager of  
The Sun, who affirms that the above  
statement of the circulation of The  
Sun for the month of Oct., 1903, is true  
to the best of his knowledge and belief.  
PETER PURYEAR,  
Notary Public McCracken County.  
My commission expires at the end of  
the next session of the senate.

DAILY THOUGHT.  
There are no fields so fair and sweet  
as through which climbs the hard  
road of sacrifice. James Buckham.

The weather man was a couple of  
days ahead of time with his Thank-  
sgiving weather.

Chicago people who have been walk-  
ing will now have to stand. The cars  
are running again.

The poor who had no Thanksgiving  
turkey needn't feel bad about it. It  
was hard for even the rich to get them  
this year.

Probably the reason some of our  
city officials have not paid their taxes  
is that they have to have something  
for Christmas.

More misery for the Democrats.  
Senator Platt and Gov. Odell, of New  
York, have been "harmonized,"  
which removes New York from the  
doubtful and places it in the Repub-  
lican column.

A learned decision has just been  
rendered by the Kentucky court of ap-  
peals. It is that a paper published  
every day except Sunday is a "daily  
paper." We had been led to think it  
was only a weekly.

The solution of the labor problem  
may be accomplished sooner than ex-  
pected. President John Mitchell, of  
the mine workers, is quoted in an in-  
terview as having predicted that after  
the present era of industrial war will  
come "an era of peace, with honor to  
both sides."

The cat is on of the rag. Ollie  
James introduced that states rights  
bill simply "to give 'em something to  
talk about," and let 'em know Mr.  
James, of Kentucky, had arrived. At  
least that is what his colleague, Con-  
gressman Stanley, of the Second dis-  
trict, says about it.

Let's not be too enthusiastic. The  
saloon keepers were not exactly fine  
for keeping open on Sunday, but for  
keeping open on Sunday after they  
had been officially requested to keep  
closed. It is so seldom such a favor  
is asked of them, they ought to have  
had more consideration than to refuse.

The Chicago Chronicle rises to re-  
mark that "the McKinley administra-  
tion repudiated Thomas Jefferson in  
Porto Rico and the Philippines, and  
the Roosevelt administration has re-  
pudiated Abraham Lincoln at the is-  
lands." But it neglects to mention that  
the people have repudiated McKinley  
all over the Map.

The Democrats are not quite cor-

that they want to disfranchise the  
negro in Kentucky, for the only way  
they could do it would be by an edu-  
cational qualification. It is claimed  
this would deprive 65,517 illiterate  
whites and 36,990 blacks of suffrage.  
This is not a very pleasing outlook  
for the Democrats in their latest pol-  
itical enterprise.

The late President McKinley, it is  
stated on the authority of his nearest  
friend and most trusted advisor, Sen-  
ator Hanna, was personally in favor of  
the Panama canal, but wisely left the  
selection of a route to the commission,  
and was ready to abide by the selec-  
tion of the commission. At that time  
there was a great obstacle in the way  
of the Panama route in the shape of an  
exorbitant price, which obstacle has  
since been removed.

Some of our strenuous western  
jurists refuse to stand for any foolish-  
ness. In reprimanding an effort to  
discredit a plaintiff by claiming she  
had been hugged and kissed, a judge  
of Guthrie, Oklahoma stated that most  
all men had hugged and kissed women  
and most all women had been hugged  
and kissed by men, and in either case  
it was no evidence of bad character.  
Guthrie probably wouldn't be a good  
place for an anti-kissing society.

Mr. Cleveland, according to the  
interview of a warm personal friend,  
feels humiliated because of the talk o  
nominating him for president. He  
thinks it is a slam on the party be-  
cause of the possible inference that  
he is the only man left in the party fit  
to be president. Mr. Cleveland is  
probably only jolly. Everybody  
knows that Hon. Ollie James, of Ken-  
tucky, and John Wesley Gaines, of  
Tennessee, are still loyal to the Demo-  
cratic party.

The St. Louis Globe Democrat  
points out that in "the recent election  
Kentucky Republicans cast 202,764  
votes, or 46 per cent of the total. Re-  
publicans in that state have one con-  
gressman in eleven. Missouri Repub-  
licans also cast 46 per cent of the  
total vote of the state. They are al-  
lowed one congressman in sixteen. In  
Missouri and Kentucky 520,000 Re-  
publicans are represented by two con-  
gressmen. Such is government by  
gerrymander and Goebellism."

Many states are more strongly Re-  
publican than ever before. The Louis-  
ville Herald thus shows how. "In  
1892 Grover Cleveland carried one  
electoral vote in Ohio and came with-  
in about 1,000 votes of carrying all  
the others. The one Republican elec-  
tor who then failed of election was  
Myron T. Herrick, who carried the  
recent election for Governor by more  
than 110,000. In 1892 not only did  
Cleveland carry one electoral vote, but  
the Democrats carried a majority of  
the Ohio Congressional districts. In  
1896 the Republican plurality in the  
State was 51,569; in 1900 it ran to  
69,036. The recent state election  
points to a plurality next year ex-  
ceeding 100,000

MAY PROVE OF IN-  
FINITE VALUE.

It is worth considerable to any citi-  
zen of Paducah to know how to be  
cured of painful, annoying and itch-  
ing piles. Know then that Doan's  
Ointment is a positive remedy for all  
itchiness of the skin, for piles, ec-  
zema, etc. One application relieves  
and soothes. Read this testimony of  
its merit:

Miss Annie Richardson, living at  
320 South Third street, says: "I  
have been troubled with eczema for a  
year or more. At times it was very  
sore and itched badly. I tried a great  
many ointments and salves of various  
kinds. I thought some of them was  
going to make a permanent cure, but  
in a short time it would break out  
again as bad as ever. When I saw  
Doan's ointment advertised I made up  
my mind to give it a trial. I obtained  
a box at DeBois & Co.'s drug store  
and began its use. It proved itself to  
be all that is claimed for it. It made  
a complete cure and up to the present  
time I have not noticed any signs o  
its return."

For sale by all dealers. Price 50  
cents. Foster with a Co., Buffalo,

## NEW SCHOOL SUPT.

Much Speculation as to Which  
Board Will Elect Him.

The Present Indications Are That the  
Present Board Will Insist  
on Doing it.

SEVERAL APPLICANTS FOR JOB

Since it has become known that Su-  
perintendent C. B. Hatfield, of the  
public schools, is to tender his resi-  
gnation next Tuesday evening at the  
regular meeting of the board of educa-  
tors, the question has arisen which  
board will elect his successor, the pre-  
sent board or the new board.

No one at present seems able to an-  
swer the question, or at any rate no  
one is willing to do so. It is not even  
certain that the present board, which  
has always warmly supported Superin-  
tendent Hatfield, will accept the resi-  
gnation.

A great many are wondering wheth-  
er the old board will choose the new  
superintendent, or the new one, but  
it is reported that Superintendent Hat-  
field desires to leave at once, and for  
that reason it will be necessary to elect  
his successor at once, in which event  
the present board will probably elect  
at the next meeting, if possible.

It seems to be the prevailing belief  
among the members of the present  
board, however, that they will elect  
the new superintendent, and if they  
do, Prof. Evans, of Marion, is tipped.  
It is understood there are a number of  
out of town applicants, but members  
of the board decline to give their  
names.

Kentucky the Pioneer.  
Kentucky was the first state to allow  
women to vote on school questions, but  
at the last school board election in  
Lexington 1,900 colored women and only  
700 white women registered. This  
state of affairs has caused the introduc-  
tion in the state legislature of a law  
entirely disfranchising women.

Memorial for Justice Marshall.  
The purchasing of the home of Chief  
Justice John Marshall in Richmond,  
Va., is contemplated for the purpose of  
erecting thereon a proper courthouse  
as a memorial of the federal govern-  
ment to the great chief justice, as well  
as a proper home for the judiciary of  
which he was such an ornament.

## THE TEMPERATURE.

The minimum temperature last  
night was 23 and today has been quite  
cold. It is not the coldest of the  
season, however, the temperature  
going to 18 degrees one day last week.

Missing Opportunity.  
The automobile had broken down,  
and the chauffeur was busy trying to  
discover the trouble. The impatient  
owner of the machine at last broke  
out: "Hurry up, Felix; there are a lot  
of people crossing the street that we  
are missing."—Youkers Statesman.

Cities of Equal Population.  
The two cities of Manchester in Eng-  
land and Boston in the United States  
are almost exactly equal in population,  
while Birmingham and Baltimore are  
also very nearly alike.

Saving in Automobiles.  
After a two years' test of an automo-  
bile for army use in Austria there was  
a saving of \$2,915 over the conveyance  
drawn by horses.

Protecting Currant Bushes.  
Greece uses more than five thousand  
tons of copper sulphate per annum for  
killing insects, especially those that  
feed upon the currant bush.

## \$100 REWARD NOT CLAIMED.

Two months ago the Stearns' Elec-  
tric Paste company, of Chicago, offer-  
ed a hundred dollars reward to any  
one who used their Electric Rat and  
Roach Paste and did not find it suc-  
cessful in killing off rats, mice, cock-  
roaches, water bugs, etc. Hundreds  
of people have tried for this reward,  
but in every instance have not been  
able to claim it, as the Electric Paste  
never failed to clear the house of rats,  
mice and bugs. It is sure death and  
drives the rats and mice out of the  
house to die. Druggists and grocers  
generally have the paste for sale or a  
package will be sent prepaid on receipt  
of price by the Stearns' Electric Paste  
company, of Chicago, Ill. Small size,

tity, \$1.00.
